SET YOURSELF FREE

YOUR VOYAGE OF DISCOVERY WITH COCKBURN HOLDSWORTH

THE VOLKSWAGEN BASED VILLA RANGE

The best-selling Villa from Cockburn Holdsworth is the consummate all-rounder. This Volkswagen based high top combines the ruggedness needed for the open road with eye-catching exterior body work and an interior that is as practical as it is comfortable. With a choice of up-to-the-minute engines and all-round independent suspension that is unique in this class of motor caravan, the Villa is smoothly and reliably well ahead of the crowd.

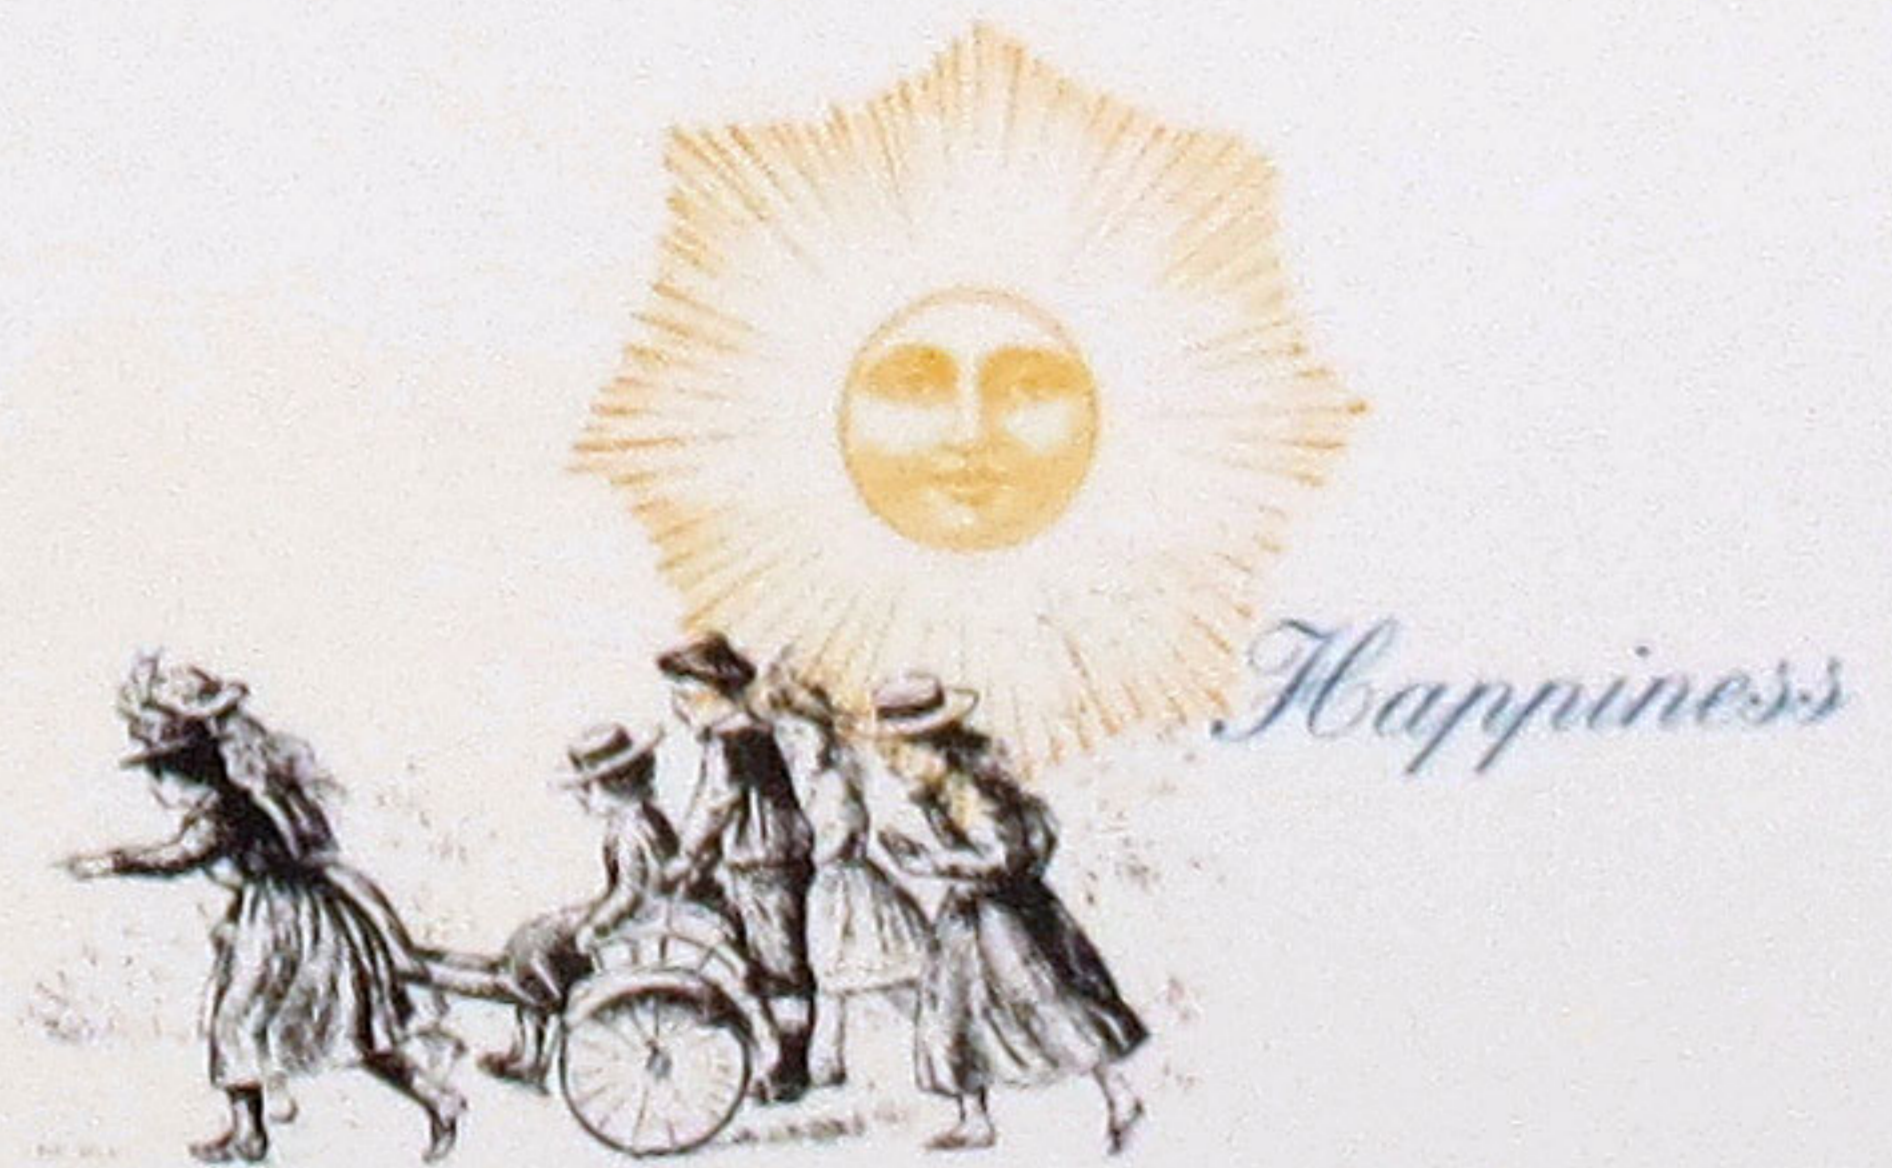

And the Villa's superlative qualities continue inside. Plush dralon fabrics, fully lined curtains with carpets to match, ash furniture and solid timber framed doors add up to the craftsmanship and finish that is Cockburn Holdsworth's stock in trade.

Relax into your holiday reassured that every last detail of the Villa has been planned, installed and perfected by Cockburn Holdsworth. The rear seat glides smoothly into a spacious double bed. By day it is fitted with seat belts and crash protection so that by night you can sleep soundly, reassured that your Villa is the safest motor caravan on the road. The kitchen uses a minimum of space to give you the maximum range of options with a three burner hob and grill, sink, fridge and plenty of space for cutlery, crockery and groceries. The wardrobe and overhead lockers in the back mean that your living space is never cluttered. And a Porta Potti completes the first class specifications of this all round winner.
