

*Holdsworth Volkswagen based Motor Caravans*

# VALENTINE *Special*

## *the 'smart' coachbuilt*

*'Smart' in every sense of the word. The Volkswagen Transporter base is a pretty good start. It's a superb motor caravan base vehicle with a choice of petrol and diesel engines, standard power assisted steering, independent suspension all round, front discs/rear drum brakes with a load sensing pressure valve not to mention the multi stage rust protection.*

*The Valentine Special looks smart – with its dashing exterior graphics and black 'skirt' offsetting the brilliant white bodywork. And inside, there's a choice of*

*finish – ash timber with co-ordinated burgundy furnishing fabrics or the continental darker beech timber with green trim. Both create the luxurious image demanded by the quality of the materials.*

*Smart in the sense of clever too.*

*Valentine Special packs some pretty smart ideas into the compact dimensions which make this coachbuilt so very driveable. An immediate sense of spaciousness is created through the interior layout which belies the size.*

[www.vwT4camper.info](http://www.vwT4camper.info) - a useful website for owners and enthusiasts of VW T4 Transporter Campervans

The L-shaped dinette is not only instantly transformable into a comfortable double bed – but also conceals underseat storage which consumes bulky items with ease. Or there's the private dressing area which incorporates the beautifully equipped shower room (complete with cassette toilet, shower and folding basin), which can be created in the back of the vehicle.

And as for the kitchen – the Valentine Special's 'Best Kitchen' award probably sums it up. Clearly the three burner grill and hob, the enamelled sink and drainer, the tilt-tolerant Electrolux fridge and seemingly unending storage spoke for themselves.

So, really, the Valentine Special's a 'must' for the smart motor caravanner. The fully insulated aluminium sandwich construction makes it an all year round vehicle and all those little standard extras such as the mains hook up included in the price make it a very smart buy.

## Valentine Special Features
